Class:  Pre-Employment Police Basic Training Program, Phase I (2022-2023)

Participant name:  (print) ______________________________________________

(signature) ______________________________________________
Students in the Pre-Employment Police Basic Training Course must be advised of several conditions of this training program that will affect them during and after attending the program. Schools are required to advise the student of these conditions by the policy established for this program by Division of Criminal Justice Services.

1. Completion of this program is **not a guarantee of employment** as a police officer.
2. To complete this pre-employment training program, a student must participate in physical fitness training and successfully complete a physical fitness examination.
3. To complete this pre-employment training program, a student must comply with mandated New York State regulations that include: strict attendance requirements; maintaining a notebook; and passing written examination/s.
4. This is a two-phase program. The first phase is conducted pre-employment and the second phase is conducted after appointment as a police officer. Each individual phase of this training program must be completed as a single and cohesive unit. This means that students must complete the phase of the program at one institution. The following phase may be conducted at a separate institution.
5. Before being appointed as a police officer, a person must complete New York State Civil Service requirements and appointing agency hiring standards (including minimum and maximum age and residency requirements) by taking a written examination and scoring high enough on the eligibility list to be considered for appointment.
6. Before being appointed as a police officer, a person must take and successfully complete a physical fitness examination.
7. Before being appointed as a police officer, a person must submit to a medical examination, which may include drug screening.
8. Before being appointed as a police officer, a person may be required to submit to a psychological examination.
9. Before being appointed as a police officer, a person with criminal conviction or with a felony conviction may be disqualified from employment.
10. Before being appointed as a police officer, a person may be required to submit to a background investigation.
11. Upon appointment as a police officer, a person will be required to satisfactorily complete additional training. Failure to complete this training will result in denial of certification by the New York State Municipal Police Training Council. This certification is required by § 209-q of the General Municipal Law for police officers to remain in their positions.
12. Pre-employment training will be valid for two years after completion of this program. If a person is not appointed before two years has elapsed, they will be required to attend a Police Refresher Course. After ten years from the date of completion records on the transcript, the training will no longer be valid (this is consistent with the provision of §209-q of the General Municipal Law pertaining to police officers).

### Applicant Attestation

This affidavit must be signed and sworn to by the applicant before a Notary Public. I hereby attest that the information in this application is true to the best of my knowledge and belief. I understand that any omission or inaccuracy may be deemed sufficient reason to deny certification. I understand the Division of Criminal Justice Services may ask for additional information or documentation.

Pre-Employment Police Basic Training Program, Phase I (2022-2023)

I have examined the following pre-employment police recruit candidate:

I understand that job qualifications essential to all police programs require that the candidate be able to function at a higher level of physical condition. I also understand that in order for the candidate to successfully complete the pre-employment program he/she will be required to participate in rigorous physical training.

I find the recruit to be physically able to participate in the rigorous physical training required by law enforcement officers.

Physical Fitness Readiness

All prospective candidates for this program should be aware that our physical fitness program consists of rigorous physical training in the three required core areas: sit-ups, push-ups, and 1.5 mile run. Each of these areas requires that you spend sufficient time gaining mastery of the three core exercises. In order to graduate, cadets are required to pass the Cooper standard at a 50% level, as outlined below. Those persons contemplating entry into this program should be very close to the 50% Cooper standard at the time of application.

It is extremely important that each one of you be familiar with your own current physical condition to include overall weight, body fat, flexibility, and upper and lower body strength. These factors may influence your performance when being tested. We urge you to note the Cooper Standards, to determine your 50% standard measure, and to test yourself against these standards prior to registering for the academy. If you do not meet the requirements, you should carefully examine your options, and determine if the academy is suited to you.

Please note that it is ultimately up to the individual candidate to successfully meet his or her required level of physical fitness. Our PT staff is available for assistance and guidance, but we cannot guarantee every cadet’s success.

I have read the above information and understand that entrance into the academy is not a guarantee that I will fulfill the DCJS mandated physical fitness standards. I have carefully considered my own physical condition, I have tested myself against the Cooper Standards, and I acknowledge that my results on the Cooper Standards, before my entrance into the academy, will be similar to the results I earn at the end of the academy training. Failure to pass the physical training aspect of the academy will result in failure to earn academy certification.
